PAYROLL MEMORANDUM

TO: All State Agencies who have employees who were going to park
in the underground parking ramp on the South Side of the
William G. Stratton Office Building

FROM: Dan Steven, Payroll Supervisor *Dan Steven*

RE: Payroll Deduction

House Bill 2999, which authorizes payroll deduction for parking fees for parking spaces in the underground parking ramp on the South side of the William G. Stratton Building, has been returned by the Governor, unsigned, to the House of Representatives with his recommendations. This means that the implementation date of November 16, 1978, has been cancelled and payroll deductions will probably not begin until sometime in 1979. Since the above House Bill needs additional legislative action, we cannot, at this time, give an effective implementation date.

Until legislation is passed by the General Assembly and signed into law by the Governor, DO NOT deduct any fees for parking. You will be notified well ahead of the new implementation date. Any vouchers having parking deductions prior to the official implementation date will be rejected and returned to your agency.

If you have any questions regarding this matter, please call me at 2-4758.
